## Two Pinball Operators Before Jury

LITTLE ROCK (AP)—Two pinball machine operators who accused a newspaper reporter and a local judge of involvement in a purported "payoff" case today reported to testify before the Pulaski County Grand Jury.

The men Cecil B. Hill and Harold F. Dunaway, were not immediately called into the jury room. This apparently meant the panel was first hearing testimony which the pair supplied. The recordings were alleged by Hill and Dunaway to be conversations between them and Robert "Bobby" Trotter, a local judge and Municipal Judge Robert Trotter, relating an asserted \$2,000 payoff to Trotter to suppress articles on pinball operations.

Trotter and Lester denied the charges. Lester asked the Grand Jury to investigate.

Lester has purchased radio and television time to "blow the lid off this town."

"I don't intend to be sacrificed to the altar of crime and vice," he told newsmen.

The judge made his statement after two bills were introduced in the Arkansas House which would abolish and then recreate the Little Rock Traffic Court, thus putting Lester out of a job.

The Pulaski House delegation later withdrew the bills, but said the threatened exposure had nothing to do with the action. The delegation said today that the withdrawal was decided on before Lester made his statement.

The judge said today there were gamblers and criminals in his "no threats against anyone except announcement."

The judge said today there were gamblers and criminals in his "no threats against anyone except announcement."

The report was in line with a statement from Prosecutor J. Frank Holt last Saturday.

When the investigation was announced at press conference of Gov. Orval E. Faubus on Feb. 26 there was a statement without elaboration that there had been "other relations" involving both white and Negro teenagers.

The grand jury issued a statement which said in part:

"All officers who have participated in the marijuana investigation have appeared and testified before this grand jury. This grand jury has found no evidence of sex relations between any of the parties involved."

The jury said it would continue its investigation.

## Property Tax Bills Sent to Senate

## Woman Convicted at Nashville

NASHVILLE, Ark. (AP) — A Howard Circuit Court jury yesterday convicted Mrs. Willie B. Owens a Schaal grocery store operator of second degree murder in the pistol slaying of a business competitor.

Mrs. Owens 46 had been charged with first degree murder in the death of Mrs. Thelma Turner 33 who also operated a grocery store at Schaal.

Mrs. Owens took the stand and told of the Feb. 4 shooting which occurred in her front yard. She said she hadn't intended to shoot Mrs. Turner but the pistol fired accidentally during a scuffle.

Mrs. Owens said she and Mrs. Turner had been involved in several arguments but she did not specify what the disputes were about.

Judge Bobby Steel withheld sentencing.

## Scholarship Study Value Is Stressed

"We need to educate students, parents and teachers on the availability of scholarships," Earl Downs Hope High School guidance counselor, stated when speaking to the Delta Kappa Gamma Society this week. The group met in the home of Mrs. Otis Breed on Old Highway 67.

"With the rising cost of education, scholarships are a very important consideration in planning a career. Too often information about scholarships is given for the first time so late in high school that motivation for further schooling may be lost. It is never too early to start thinking about making scholarship funds available to students who have ability and wish to further their education," Mr. Downs emphasized.

Scholarship books directories and other information are available for students and parents in the guidance office.

In the discussion of business, members were reminded that April is "Teacher Career Month."

It was voted to contribute to the national Delta Kappa Gamma scholarship fund.

Arrangements of spring flowers were used throughout the Breed home and a dessert plate was served to 14 members and guests.

## Deadline for State College Extended

By JOHN R. STARR  
LITTLE ROCK (AP)—Proponents of a bill which would give university status to Arkansas State College at Jonesboro today won a three day extension of the deadline by which the bill must be reconsidered in the House.

The measure failed to pass the House Tuesday. It picked up only 40 affirmative votes with 51 needed.

Today was the deadline for reconsideration unless an extension was granted.

Points Rep. Guy French made the motion to extend the deadline and the House approved it 46 to 38.

Arkansas State backers have been working vigorously since the initial defeat. French has predicted the bill would pass on reconsideration. But apparently he did not feel the measure had sufficient votes to pass at this time.

Points Rep. W. H. Thompson succeeded in recalling from the Senate a House bill which he said "would cost the Highway Department \$1,600,000 per year."

"I'm honest enough to say I'm sorry I voted for this bill and I want to do something about it," Thompson said.

## Pioneer Lost 412,000 Miles in Outer Space

WASHINGTON (AP)—Pioneer IV vanished into space today and may never be heard from again. . . . The space probe tracking station at Goldstone Calif. lost contact at 10:15 a.m. EST today when the probe's transmitting signals became very weak.

"At that time the probe was traveling toward the sun at about 3,000 miles an hour, 412,000 miles from the earth."

The Goldstone station installed a special filter in its tracking gear and followed the space probe for an additional nine minutes.

The last contact was made at about 10:24 a.m.

"Asked if there was any likelihood of further contact with Pioneer IV a spokesman for the National Aeronautics and Space Administration said it was unlikely."

"He added that since the probe's battery apparently had gone dead, it was unlikely that the Goldstone station would make any further search for it."

"We think that this is it," he said.

"Pioneer IV is gone forever."

Earlier the gold plated core had been sending clear signals from more than 400,000 miles out. Goldstone picked them up at 7:50 a.m.

"They came from a point deeper in the great void than any transmission ever before recorded."

Scientists calculated the distance at 403,000 miles and the gold-plated cone's speed at 3900 miles an hour.

At that time the Pioneer had been under radio observation for about 80 hours longer than any other such space traveler.

Earlier a "really good signal" was reported by the General Electric Co. tracking station at Schenectady, N. Y. from nearly 400,000 miles. That was at 5:02 a.m.

Roy Anderson head of the operation estimated the distance and said that "never before has any signal of this type been picked up from so far out in space."

He said the signal "essentially unchanged" from yesterday's picked up at 5:02 a.m.

The signals from America's sun-bound satellite were picked up earlier at Jodrell Bank England. Prof. Bernard Lovell, director of Continued on Page Four

## Bulletin

LITTLE ROCK (AP)—Gov. Orval E. Faubus today refused to appear in U.S. District Court here tomorrow for a hearing in connection with the state's school closing laws.

Faubus wrote District Clerk B. Grady Miller that as "the chief executive of a sovereign state" he could not be compelled to answer a judicial summons.

He cited "the obvious ulterior motives of those who obtained this subpoena," but did not elaborate on this point.

The answer was similar to one in September, 1957, when Faubus also refused to honor a federal court summons in a school integration case.

Faubus accepted the new subpoena in September, 1957, when Faubus, at his office yesterday. At the time he said he would decide later whether to comply with the summons.

## Convict Frees Hostages in Alabama

PLAT ROCK, Ala. (AP) — A fleeing convict freed a state patrolman a married couple and a fellow convict near this north Alabama town early today after holding them hostage more than 12 hours.

The convict William E. Smothers continued his desperate bid for freedom in the married couple's car. The highway patrol said he was believed heading for Chattanooga, Tenn. where he has relatives.

Smothers serving 100 years in prison on six robbery convictions overpowered the patrolman and a trusty convict in a police car south of Birmingham Thursday.

"He used a key he made himself to unlock his handcuffs in the back seat of the car," said Patrolman Otto Dees.

"He was in the back seat and I was in the front. He got a struggle hold on me and held a piece of steel against me and look my gun."

Then Dees said Smothers ordered the trusty Ted Easley a convicted killer serving 25 years to drive to the home of Smothers' sister Mrs. Fulton Weems at Birmingham where Smothers got a suit and \$10.

"Then we just drove around a while," Dees said "until Smothers spotted a car parked in front of a house."

The three went inside the house and ordered Mr. and Mrs. Noel Keith to go with them in the Keith car. They left the police car parked behind the Keith house.

"All the time I kept trying to talk him out of it," Dees said. "I was afraid to try anything because of the Keiths being in the car."

Easley also tried to talk Smothers into giving up the idea of escaping Dees said.

From Birmingham Smothers and his four hostages held at the point of Dees' revolver headed north.

Near the tiny town of Flat Rock Smothers ordered them to stop on the highway and told them to get out.

Dees Easley and the Keiths walked to a farm house and telephoned state patrol headquarters. At the time of his break Smothers was being taken from Kibby Prison at Montgomery, Ala. to Birmingham to face trial on a charge of possessing a gun after conviction on a felony.

"We were about 35 miles south of Birmingham when he grabbed me," Dees said.

## House Okays Highway Cash Measure

LITTLE ROCK (AP)—The state Highway Commission's appropriation bill which had to be passed at a special session of the Arkansas Legislature two years ago sailed through the House of Representatives yesterday without a dissenting vote.

The 130 million dollar bill was among 65 approved by the House as the legislators raced toward adjournment next Thursday.

In all more than 178 million dollars in budget bills were accepted including \$37,750 for the state Game & Fish Commission.

Two appropriation bills encountered opposition during the day. One to allow \$900 for the operation of the State's office during the next two years failed to get enough votes. It will come up for reconsideration later.

The other—a \$900,000 appropriation for the University of Arkansas Medical Center — was withdrawn temporarily after Rep. Paul Van Dusen of Perry County served notice that he was ready for a fight over the fund.

The Senate meanwhile received another in a series of bills affecting the stalemated Little Rock Public School Board. Introduced by Sen. Max Howell of Little Rock the new bill would call for a special election to name three additional members to the six-man board.

## Tells 19 Ways to Stretch Food Dollar

Planning the use of the family dollar and 19 ways to make your food dollar buy more was discussed by Mrs. Crystal Tenbork, Extension Home Management Specialist at a meeting of all Home Management leaders in the Juvenile court room of the Hempstead County courthouse on Thursday morning, according to Mrs. Lorraine B. Wylie, HD Agent.

In discussing planning the use of the family dollar Mrs. Tenbork pointed out that most Arkansas farm families have a modest income but they have found that an organized plan of spending helps them make the best use of what they have.

If you have decided to take a hand at getting the family finances under control, first, talk it over with the whole family, have a plan and try to make it work. Do not hesitate to make adjustments to the plan when necessary but the whole family should help decide which adjustments are best.

Mrs. Tenbork broke the 19 ways to make your food dollar buy more into 3 main categories (1) How to save when planning meals; (2) How to save when shopping for food and (3) How to save when cooking foods.

Each Home management leader will repeat the discussion at her respective HD Club meeting during the month of March. All club members are urged to attend and take part in this most timely discussion. Visitors are always welcome to attend any HD Club meeting.

Leaders present for the training meeting were Mrs. Clint East of Shover Springs, Mrs. Dexter Alford, Victory; Mrs. Wayne Turner, Rocky Mount; Mrs. Bryan Clark, Baker; Mrs. F. R. Gibson, Hinton; Mrs. Vernie Guyton, Centerville; Mrs. J. E. Deloney, Columbus; Mrs. Cline Francis, Hopewell and Mrs. M. H. Montgomery and Hazel Cummings, Sweet Home.

## Winter Strikes Mid-U. S., Heads for Other Areas

By THE ASSOCIATED PRESS

A vast March storm today spread into new territory with driving snow and smashing winds. The storm that had dumped up to 1 1/2 feet of snow on eight Midwestern states, was centered in Michigan this morning.

A squall that resembled a small tornado ripped out a 60 foot section of a wall of the Ford Motor Co. parts plant in Monroe, Mich. None of the 250 workers was hurt and operations continued.

A Greyhound bus was stranded on U.S. 27, about 12 miles south of Cheboygan, Mich. A snowplow was sent to the rescue but conditions were so bad it had to turn back.

Another Greyhound bus was reported mired between Indian River and Alanson, Mich.

All schools in Cheboygan and surrounding counties were closed. St. Ignace was virtually isolated. Towns suffering from the impact of the worst blizzard in 10 years, struggled to throw off the snowy stranglehold.

More than a dozen motorists spent the night on lounges and beds in a furniture store on the outskirts of Des Moines. One Des Moines motorist required 90 minutes to make a 10 block trip to his car.

The storm was headed into the Northeast. Snowfall of 4 to 8 inches was forecast for northern Vermont and New Hampshire and Maine expected up to a foot.

## Bipartisan Group

Continued from Page One  
House today for a bipartisan discussion of the Soviet threat to Berlin.

He was expected also to give the leaders a preview of his forthcoming talks with Prime Minister Harold Macmillan of Britain.

Advantage indications are that Macmillan, who recently returned from a conference with Soviet Premier Nikita Khrushchev, intends to press Eisenhower to agree to an early summit meeting with the Soviet leader.

James G. Hagerty, White House press secretary, denied that the conference with congressional leaders was dictated by any sudden emergency.

Hagerty said the congressional leaders would discuss the same subjects discussed Thursday at a 4-hour special session for the National Security Council. He said that meeting covered "the evolving situation in Berlin and the broader question of Germany."

Secretary of Defense Neil H. McElroy told a news conference meanwhile that he and the Joint Chiefs of Staff are agreed it would be virtually impossible for the Soviet Union to make a major surprise attack on this country with planes or missiles.

He took the position that the amount of preparation required would give this country advance warning if the U.S.S.R. should plan to launch an attack capable of "knocking out" hundreds or thousands of targets in a matter of minutes.

He also discounted chance of any limited war breaking out over Berlin, indicating that if a shooting war actually started it probably would become a major one.

"It would be very difficult to keep it a limited war," he said.

McElroy, Vice President Richard M. Nixon and Acting Secretary of State Christian A. Herter, all of whom attended the National Security Council meeting, return today for the meeting with congressional leaders. Also invited were Senate Democratic Leader Lyndon Johnson of Texas, House Speaker Sam Rayburn (D-Tex.) and the Republican leaders of Senate and House, Everett M. Dirksen of Illinois and Charles A. Halleck of Indiana.

## Fire Officials to Seek Cause of Blaze

LITTLE ROCK, Ark. (AP) — State fire officials moved today to place or absolve blame for a pre-dawn blaze which killed 21 teenagers at the Negro Boys Industrial School Thursday.

Gov. Orval B. Faubus, who visited the scene at nearby Wrightsville while the ruins smoldered, called the tragedy "unexcusable."

Sixty-nine youths between the ages of 15 and 18 were locked in a dormitory in the north wing of a large building which was leveled

less than an hour after the blaze was discovered. No one with a key was in the building when the fire broke out.

Forty-seven escaped death by fleeing through windows after kicking out heavy metal screens. The doors to the building were never unlocked. No one with a key was in the building when the fire broke out.

## Prescriptions Are For People

I've yet to hear anyone brag about "the wonderful buy" he had got on a prescription. Even though it eliminated pain or improved a condition of ill health, no one brags about prescriptions!

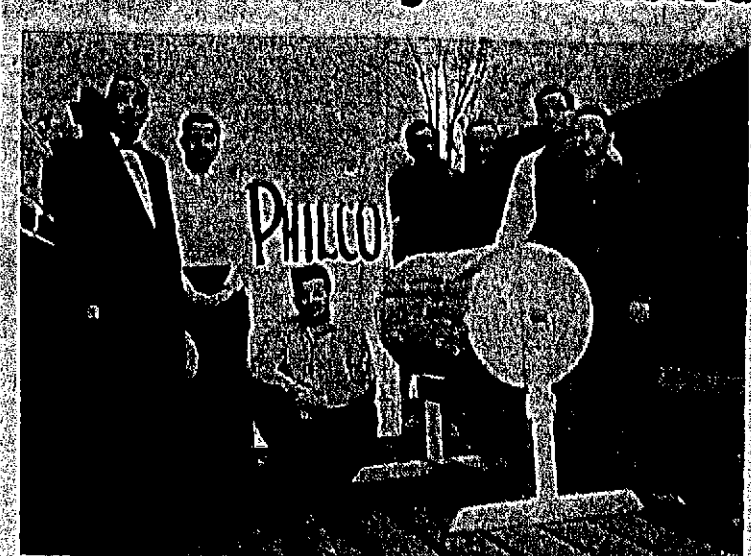

Still, if one were to think of the good that prescriptions do, they should be acclaimed by everyone. They halt disease, they save lives, they improve health and they, in many cases, shut the door on help you or your loved ones back to the greatest of gifts - good health. Unseen, they fight unseen diseases to give you a longer life and the better health to enjoy it.

So think highly of your prescription. Value it as the great result of man's knowledge in the conquest of disease. Recognize it as a tribute to the individuality of man, for it was made for you alone. Regard it as one of your best purchases.

Treat it with the same respect we gave it when we filled it!

# Redl to Meet Jordan Tonight

By MURRAY ROSE  
Associated Press Sports Writer  
NEW YORK (AP)—Stanford Redl has a burning ambition to win the welterweight championship. But he is not banking entirely on achieving that feat.

The Hungarian-born, German-reared fighter, now living in Passaic, N.J., meets unbeaten Eddie Jordan of Brooklyn in a television 10-rounder at Madison Square Garden tonight.

Jordan, 23, is subbing for injured Gaspar Ortega of Mexico, a victory over Ortega could have boosted the unranked Redl into the top ten. Fighting Jordan, a newcomer to TV fans, means just another payday for Steve. He is a 7-5 favorite.

Redl's fight record is 22-3 including 13 knockouts. He has failed in his major tests — against Gale Kerwin, Gil Turner and Vince Martinez. A loss to the unknown Jordan would knock him out of the big time main event class.

Jordan's record is 16 victories and two draws.

The bout will be broadcast and telecast-NBC 10 p.m., EST.

# Pettit Scores 24 for a New Pro Record

PHILADELPHIA (AP)—A rival coach calls him just great.

An opposing player says there isn't a better basketball player around today.

But the fellow to whom they're referring says of himself he still retains a bit of his high school awkwardness and has a lot to learn to improve his game.

He's Bob Pettit of the St. Louis Hawks who Thursday night set a National Basketball Assn. single season scoring record.

Pettit in his fifth year in the NBA dumped in 24 points to run his season's total to 2008 although the Hawks lost to Philadelphia 106-101.

The 26-year-old Baton Rouge, La. native surpassed the previous mark of 2001 set last year by George Yardley then with Detroit. He's now with Syracuse. The two are the only NBA players to surpass 2000 points in one season.

Even the Warriors' victory didn't get them into the Eastern division playoffs. Syracuse laid into the Boston Celtics 142-118 to clinch the third and last place in the Eastern division.

The victory kept Boston from setting an all-time record for season victories. The Celtics now have 51. The Nets set a club record for total points as Dolph Schayes scored 25 points John Kerr 22 and Bob Hopkins 20. Bill Sharman led Boston with 23.

Elgin Baylor scored 32 points to give Minneapolis at least a tie for second place in the West as the Lakers downed New York 135-115. Willie Naulls led New York with 22 points.

Paul Arizin scored 42 points, quelling his personal career high. He put the Warriors ahead for good with less than three minutes to go with a pair of fouls.

Pettit broke Yardley's mark with 11 seconds to go in the third period by making the second of two fouls. He equalled the mark 18 seconds earlier making one of three free throws.

16 and Bill Green 15 for Searcy. Harrisburg beat Marshall at the free throw line. The Hornets hit 33 free throws to only two for the Bobcats. Jerry Mote hit 24 points half of them at the charity line to pace Harrisburg. Jack Bradford was high for Marshall with 14.

Joe Pruett pumped in two 15-foot jump shots in the last 27 seconds to provide Rector's margin over Whitehall and Hoxie led all the way in defeating Mulberry.

# N. C. State, Duke to Play for Tourney

By DON WEISS  
Associated Press Sports Writer  
It has been many a jump-shot since a North Carolina basketball fan rooted for a North Carolina State basketball team.

But that'll be taking place in Raleigh tonight if the Tar Heels happen to beat Duke in the semifinals of the Atlantic Coast Conference tournament.

Arch rival N.C. State and upstart Virginia are the other survivors after first round play in the ACC showdown that picks the conference representative in the NCAA tournament. If North Carolina wins and North Carolina State wins, Frank McGuire and his Tar Heels are NCAA-bound-win, lose or draw against the Wolfpack in the final.

That's because N. C. State is on NCAA probation and ineligible for tournament play.

Only Virginia's victory, 60-55 over Maryland, was a surprise in the first round scrapping in the ACC Thursday. North Carolina overpowered Clemson 93-69, Duke spilled Wake Forest 78-71 and N.C. State edged South Carolina 75-72 in overtime.

Miami of Ohio failed again in an attempt to win the Mid-American Conference NCAA berth, losing to Marshall 90-70. Boston, probably clinched an at-large bid in the Eastern NCAA with a 64-49 victory over NIT-bound Providence, and two other NIT entries, Manhattan and St. Johns (N.Y.), scored victories in other Thursday features.

Manhattan, now 14-5, crushed Lafayette 93-62 and St. Johns snapped a slump and nipped N.Y.U., also in the NIT, 57-55, on Tony Jackson's jump shot at the buzzer ending a doubleheader at Madison Square Garden.

In an off-court development, Denver of the Skyline Conference was named the 11th NIT team.

One more remains — probably Bradley of NCAA berth still has chance to win the conference title. Utah, leading Denver by one game with two games to play, is at Wyoming tonight while Denver plays at Brigham Young. A Utah victory and a Denver loss could resolve the dilemma and put Utah safely in the NCAA tourney. Conference commissioner John Romine says he will hold Denver to its NCAA obligation if it wins the title.

Thanks to the spectacular shooting of Marshall's Lee Byrd — a second team Associated Press All-America choice, Miami now must face Bowling Green in a playoff at Dayton, Ohio, Saturday night for the Mid-American Conference title. The two Americans, NCAA top scorer, Byrd scored 44 points for a school season mark of 704 and dumped Miami into a first place tie with B-G with 9-3 records.

Boston U., now 18-6 after beating favored Providence, is expected to get the at-large berth opposite Connecticut Yankee Conference champions in the Eastern NCAA tripleheader at New York next Tuesday. Announcement could come today.

In the Madison Square Garden doubleheader, Manhattan hit 80 per cent of its shots and quickly buried Lafayette. St. Johns and vastly improved NYU duelled head to head until Jackson's off-balance shot from about 30 feet away dropped in at the buzzer for the Redmen 10th victory against six defeats.

Oklahoma whipped Nebraska 65-54 in a match of Big Eight conference also-rans but the Cornhuskers Hershell Turner set a school season scoring mark of 412 points, netting 21 this time.

# Rhoden Picked to Second All-SW Team

By THE ASSOCIATED PRESS  
Associated Press Sports Writer  
Two stars from Texas Christian University and Southern Methodist have been picked as unanimous choices on the All-Southwest Conference basketball team.

Coaches of the conference named H. E. Kirchner of TCU and Bobby James of SMU without dissent.

Arkansas' Clyde Rhoden almost made the fifth spot on the first team but was edged out by Tom Robitaille of Rice.

Champion TCU and the runner-up SMU each got only one player on the All-Star team.

Others making the first team were Leon Hill of Texas Tech and Neil Swisher of Texas.

Members of the first team were the league's five leading scorers. Kirchner led with 470 points. Robitaille got 449. James 385. Hill 374 and Swisher 358.

Rhoden and Ronny Stevenson of TCU led the second team which also included Archie Carroll of Texas A&M, Charlie Lynch of Texas Tech and Max Williams of Southern Methodist.

# Oscar Heads All-American Cage Team

By TED MEIER  
AP Basketball Editor

NEW YORK (AP)—Oscar Robertson of Cincinnati—"A greater player this year than last."

Jerry West of West Virginia—"There's no one who can compare to him in all-around ability."

Bob Boozer of Kansas State—"Hardest to stop big man in college basketball."

Bailey Howell of Mississippi State—"Greatest player in the Southeastern Conference since Bob Pettit."

Johnny Cox of Kentucky—"Best when the going is tough."

These five whizzes of the hardwood were named to the 1959 college basketball All-America by The Associated Press today on the basis of votes from 319 sports writers and broadcasters throughout the country.

Robertson, the "Big O" who made the All-America last year as a sophomore, again is the top major college scorer, averaging better than 33 points a game.

"He is an all-around player offensively and defensively," Cincinnati Coach George Smith says. "He is one of top rebounders in the nation. And with all of that he is a great team player."

West, a junior like Robertson, led West Virginia to its fifth straight Southern Conference title. "I know that without him, says West Virginia Coach Fred Schaub, our team this year wouldn't have gone any place."

Boozer, a senior like Howell and Cox and at 6-8 the tallest man on the first team, led Kansas State to the Big Eight crown.

Tex Winter, K-State coach, declares "Boozer is the hardest to stop big man in college basketball. He has all shots and moves to get open."

Howell, whose season is over because Miss. State will not compete in the NCAA Tournament, shattered the three-year Southern Conference scoring mark of 2,002 that Bob Pettit set as an All-America at Louisiana State in 1957.

Babe McCarthy, Miss. State coach, calls Howell as a symbol for young Americans "Whose cannot describe the true genuineness of this great boy. Not only is he a great athlete, he's an All-American in every walk of life."

Cox was in the thick of things when Kentucky won the NCAA championship last season. "This season Coach Adolph Rupp built an entirely new team around him," Don Hennen of Pitt; Johnny Green of Michigan State; Tom Hawkins of Notre Dame; Leo Byrd of Marshall and Lou Pucillo of North Carolina State were named as a second team. Hennen, a first team All-America last season, missed out this time because of Pitt's record. He and Pucillo, at 6-4 and 6-9, respectively are the smallest players on the squad.

Jim Hagan of Tennessee Tech; Bob Ferry of St. Louis; Ron Johnson of Minnesota; Joe Ralick of Northwestern and York Larese of North Carolina were chosen as a third team.

## West Defense Measures to Be Increased

By JOHN M. HIGHTOWER

WASHINGTON (AP)—An increase in U.S. and Allied defense measures is foreseen by officials who predict tensions will mount over the next few months between the Soviet Union and the Western powers.

In spite of moves on both sides toward negotiation, Washington authorities are confident that Soviet Premier Nikita Khrushchev intends to put on much more pressure to get the Western powers out of Berlin.

They expect a period of extreme tension and war threats in the late spring or early summer and say privately the Western Allies must be in position to handle that kind of situation.

On possible move reported under consideration at high levels of the government is a calling up of some military reserve units. The range of measures which may be taken here and in Europe

## Financier Is Arrested by the FBI

NEW YORK (AP)—The FBI today arrested Alexander L. Guterma, 44, international financier, for allegedly participating in an unauthorized \$500,000 deal involving a Long Island N. Y. bank.

Guterma was charged specifically with violating the Federal Reserve Act. The FBI said he conspired, aided and abetted George A. Heaney, former president of the Security National Bank, Huntington, N. Y., in allegedly obtaining half a million dollars in unauthorized financing from the bank.

Guterma formerly head of the F. L. Jacobs Co., was arrested Feb. 14 on charges by the Securities and Exchange Commission that he had violated securities regulations in Jacobs stock dealings. He is free on \$5,000 bail on that charge.

The FBI arrested Guterma in Manhattan. He is a New York City and Greenwich, Conn., resident.

The FBI complaint said the

in preparation for a showdown is one of the subjects likely to be discussed this month by President Eisenhower and British Prime Minister Harold Macmillan. A variety of other subjects bearing on negotiations with the U.S.S.R. also will come up when Macmillan comes here in mid-March.

Indications of advance planning to meet the predicted emergency came from President Eisenhower at his news conference on Wednesday.

At one point he said that there probably will be a need for a stepped up air alert. "If this situation develops along the lines that it appears to be going," this was a reference to the operation of the Strategic Air Command.

But Eisenhower said he considers satisfactory "for the present moment" the ground alert system now in effect. Under this system, planes and crews are kept in a state of readiness to take off in 15 minutes.

The President did not, however, rule out steps short of general mobilization should the situation now progressively more serious.

THE STORY: After a meeting with company executives, Jim Bennett receives a call from one of the officials that a night watchman at the plant has disappeared and he suspects foul play.

XI

Howard Ackerman was waiting for me at the main gate of the factory. In the light from the gate house, I saw his lean, freckled face looking pale. He said, "Mike Brandon and I have already searched the whole place. The watchman just isn't here."

"I see. Who's Mike Brandon?"

"Our shipping department foreman, one of our best men."

"I asked, 'What brought you out here this evening?'"

He said seriously, "You'd understand, Bennett, if you had my job. You don't run an operation like this by working only eight hours a day. Tonight, for example, I was checking a shipment of wheels for the Portage Foundry."

Its our last chance, and I asked Mike Brandon to come out and personally supervise the packing. Archer Koller called me late this afternoon. He's the purchasing agent for the Portage Foundry and—

"I met him this afternoon. Seemed like a decent fellow."

"He is, Ackerman said, 'but he told me he had no choice; either we deliver a perfect batch of grinding wheels, or they switch to another supplier — Blue Ridge. But he assured me that if this new order for 50 wheels is okay, he can continue to give us the order tonight and the rest tomorrow night, giving them special handling. It means over time for Mike Brandon and part of his crew, but on this shipment we can't be too careful."

"I understand. How did you happen to notice that the watchman was missing?"

"It was Mike who noticed. Jake had asked him to get a package of chewing tobacco from a cigar store across the street — Jake didn't want to leave the plant when he was on duty — and told Mike he'd pick up the tobacco on his next round. He gave Mike the money and Mike got it, but Jake never showed up again. Mike mentioned it to me and we went looking for Jake. We didn't find him, but on the floor by the punch station in the laboratory we found his clock and keys. The dial inside showed that the lab was the last station he'd punched."

I dropped my cigarette, ground it out. "Show me where you found the clock."

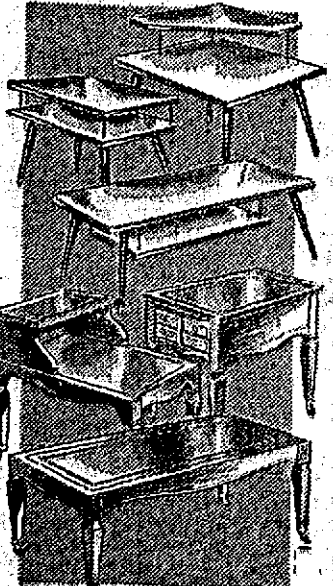

Ackerman turned on lights as we went. We came to a vast room filled with shadowy bulks of huge hydraulic presses, crossed a storage area. We walked on gravel through darkness and a long, low building loomed ahead. "Lab," Ackerman said, unlocking a door with a key from a ring he carried. He stepped inside turning on

Long Island bank obligation was incurred through issuing letters of commitment to guarantee loans made by Uffice, a foreign banking company, through the Netherlands Trading Society as agent to Guterma.

The letters of commitment were signed by Heaney without authority from the directors of the bank, the FBI said.

Conviction could result in a five-year sentence and a \$5,000 fine.

## 'Dizzy' Blonde Wants to Turn Dramatic

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—No more the dizzy blonde for Jayne Mansfield.

"All the studio can see me in is comedies," Jayne complains. "In my earlier career, I did aerials roles almost entirely. I studied drama at the University of Texas and UCLA. One of the best pictures I did was a little movie called 'The Burglar,' which was a drama."

Jayne would also like to play Las Vegas, where she and Mickey Hargitay sold out the Tropicans for eight weeks at \$25,000 per week, she figures there's no other way they can make so much money so fast.

"But the studio won't let me go," she said. "They say they have other plans for me. One of them is to go to Australia to publicize 'The Sheriff of Fractured Jaw.'"

Can Australia take it? Debbie Reynolds is making the break from comedy. Of course, it won't be until four pictures hence, but she'll get there. After her heavy schedule of comedies, she will play a drama opposite Tony Curtis in 'The Rat Patrol.'

"It's the first dramatic part I've ever had, and I want to study for it," she says. "Comedy comes easy to me, because that is my nature. So I need time to prepare for a drama."
